

FRAUD NOTICE

The Retina Group name, brand, and other publicly available information may periodically be misused in fraudulent schemes through which victims are tricked into thinking that they are dealing with Retina Group personnel or investing in our funds. These fraudulent tactics can use sophisticated email, social media, website, and texting campaigns. These evolving tactics are intended to collect personal information, entice the victim to send money, or attempt to redirect wire transfers.

GENERAL ADVICE

- Retina Group does not engage directly with retail customers nor offer retail products, such as investments, to the general public – either directly or through social media platforms or text messaging
- If you receive an unsolicited telephone call or email from someone purporting to represent us, you should take care not to provide any personal information. Retina Group would not engage retail investors in this way.
- Do not respond to emails from an email address other than an authorized Retina Group email – “@retinagroup.co.za”, especially if you were not expecting to be contacted by Retina Group.

SPECIFIC CASES

Currently, we do not have any fraudulent activities associated with our name.

HOW TO REPORT FRAUD

If you think you may have been a victim of internet crime or are aware of potentially fraudulent activity, please contact your local authorities. You may also consider filing a report with these South African government entities:
